Continued progress is indicated in the following annual report of the librarian of the Narberth Community Library, Miss Clara E. Follette, presented at the annual meeting of the Library Association last week.

A year ago the librarian reported that while the annual circulation was still showing a decrease, the trend of the figures seemed to indicate a return to normal. The statement was apparently justified. This year showed a circulation increase of 2349 books and the largest yearly circulation since 1932.

It is significant also that there is another increase in the circulation of

Hundreds of Fraudulent Signatures in Document, Home Rulers Maintain

Three Borough Officials Subpoenaed for Court Hearing This Friday at 2 P. M.

Merger Opponent

FRANK A. SCHREPFER chairman of the Narberth Home Rule Committee, which in exceptions filed with the Court, attacks the validity of the merger petition.

TEXT OF EXCEPTIONS TO MERGER PETITION

Following is the text of the exceptions to the merger petition filed this Thursday by Roland Flee, attorney for the Narberth Home Rule Committee:

IN THE COURT OF QUARTER SESSIONS OF THE PEACE IN AND FOR THE COUNTY OF MONTGOMERY, PENNSYLVANIA.

In re Petition for the Annulment of the Charter of the Borough of Narberth. No. 390.

EXCEPTIONS TO PETITION To the Honorable, the Judges of the Said Court:

The undersigned taxable inhabitants of the Borough of Narberth, Montgomery County, Pennsylvania, hereby except to an alleged petition of two-thirds of the taxable inhabitants of said borough which was filed in your Honorable Court on November 25, 1935, praying that the annulment of the charter of said borough be decreed, and request your Honorable Court to dismiss that petition, for the following reasons:

1. The petition is fraudulent in that it purports to be the petition of and to be signed by hundreds of persons whose purported signatures thereto are forgeries, having been placed there by persons other than themselves and without their knowledge or consent.

2. The petition is fraudulent in that it purports to be, and the affidavit thereto asserts that it was, signed by numerous persons who did not in fact sign their purported signatures.

3. The petition contains a total of 2126 purported signatures, whereas the affidavit thereto asserts that 1907 of the taxable inhabitants of the borough "have signed the within petition." The petition does not disclose which of the 2126 purported signatures comprise the 1907 referred to in the affidavit, or conversely which of the 2126 were not included in the 1907.

4. The petition is not, as alleged therein and asserted in the affidavit thereto, the petition of two-thirds of the taxable inhabitants of the Borough of Narberth, as required by Section 301 of the General Borough Act.

5. There are not, as asserted in the affidavit to the petition, 2662 taxable inhabitants within the limits of the territory comprising the Borough of Narberth. Exceptants aver, to the contrary, that according to the official records of said borough, there are 2961 such taxable inhabitants.

6. The petition was not, as asserted

Mergerites Failed to Meet Legal Requirements, Exceptions State

JUDGES TO SIT EN BANC

Charging that the merger petition is fraudulent and contains hundreds of forgeries, members of the Narberth Home Rule Committee struck at the legal sufficiency of the document in exceptions filed with the Court yesterday.

Hearing on the case has been moved up to 2 P. M. this Friday at Norristown.

The Home Rule Committee is prepared to back up the claims of fraud and forged signatures with affidavits and witnesses.

Sponsors of the merger movement, the Narberth Taxpayers' Association, sprang a surprise move this week by subpoenaing three Borough officials.

Exceptions filed by Roland Flee, attorney for the Home Rulers, further maintain that the merger petition does not contain the signatures of two-thirds of the taxable inhabitants of the Borough as required by law.

It is also pointed out in the exceptions that "even including the hundreds of forgeries already known by them (the exceptants) to exist, there are among the 2,126 purported signatures on the petition, the names of only 1,477 persons who are taxable inhabitants of said borough according to its official records."

The three borough officials subpoenaed to appear at the hearing with their records are Edwin P. Dold, tax collector; Charles V. Noel, secretary of Council; and Joseph P. White, borough assessor.

Space in the court room at the hearing is expected to be at a premium as scores of Narberth residents are preparing to descend on the county seat. Many interested Lower Merion citizens are also planning to attend the hearing.

Exceptions were also filed yesterday with the court by Clement Biddle Wood, attorney for the Lower Merion School District, contending that the merger of the township and borough would be financially detrimental to residents of the township.

Franklin L. Wright, Norristown attorney representing the mergerites, has been requested by the Home Rule Committee to have several of his clients in court.

The hearing this Friday afternoon, it is understood, will be confined to questions of jurisdiction only. It is this legal sufficiency of the petition which has been so vigorously attacked by the Home Rule Committee in the exceptions filed yesterday.

The three judges of the Common Pleas Court will sit en banc at the hearing. They are President Judge Harold G. Knight, Judge William F. Dannehower and Judge George C. Corson.

It is understood that in addition to the exceptions filed yesterday, the Home Rule Committee will file remonstrance petitions containing the names of several hundred Narberth citizens opposed to the merger and also a retraction petition containing names of several hundred persons who signed the merger petition, but wish their names withdrawn from it.

In the affidavit thereto, signed by 1907 taxable inhabitants of the Borough of Narberth. Exceptants aver that it is now and will continue to be impossible to determine the exact number of such taxable inhabitants who actually did sign the petition until the full extent of the forgeries has been established. Exceptants aver that even including the hundreds of forgeries already known by them to

Girl Scout News

The combined Leaders' Association and Main Line District Committee supper meeting, which took place at the home of Mrs. John Barnes in Devon on January 15, was the occasion for the annual election of officers among the leaders. Miss Emma Croasdale, chairman of the Nominating Committee, proposed the following: Miss Christine Mahl, president; Miss Inez Hutchison, vice-president; Miss Ruth Sheehan, secretary, and Mrs. Carl Morken, treasurer. These officers were unanimously elected for 1936.

Long-term planning for the coming year was discussed with reference to collection of tent caterpillar nests in February; the district Fold Festival in February as a preliminary to the All-City Festival to be held in Philadelphia March 28; March long-term Courts of Honor to prepare for the Patrol Leaders' meeting in April; the outdoor Scouts' Own to be held in April; Nature Courses in the early spring conducted by Mrs. Charles B. Crockett; the District Carnival to be held in May and, last but not least, the monthly Leaders' Association supper arrangements. The next meeting will be at the Bryn Mawr headquarters on Monday, February 17.

Five Golden Eaglets were present at the January meeting: Miss Helen Melvin, field captain for District 8; Miss Mary Cornman, captain for Ardmore 93; Miss Emma Croasdale, captain of Cynwyd 44; Miss Christine Mahl, captain for Narberth 8, and Miss Beatrice Tees, a member of the Main Line Committee. Mrs. Henry D. Booth, Jr., chairman of the committee, reported that District 8 sold 15,810 pounds of cookies during the annual sale and realized \$3952.50. The Main Line has the distinction of being the first district to turn in the cookie money with accounts in order, which follows the precedence as the first Girl Scout district formed in the United States.

Miss Virginia R. Hughes, new local director, Philadelphia district, was introduced and an entertaining talk on the volunteer was given by Mrs. Leonard D. Frescoln, who is chairman of the Camp Committee of the Philadelphia area.

Troop 125

A formal opening started the Scout meeting of Troop 125.

Announcement was made of a folk-dance festival to be held by the Main Line Scouts late in February, with the crowning event of an all-city get-together in March. Each troop along the Main Line will either learn a song or a folk dance from a foreign country in which they are particularly interested. Our local festival in February will be in the form of a contest to see which troop will represent the Main Line in Philadelphia. Two songs that will be sung by all the Scouts—audience as well as participants—were learned.

We have chosen to concentrate on learning the Morse code for the next few weeks. Using the code with which all Scouts become familiar, a girl is able to make herself understood from a great distance. This is invaluable on hikes and other outdoor activities. We learned a few letters on Monday and then played several games to "fix them in our minds."

An exciting game called "Hop Toad," which is really a variance of obstacle relay, ended our games. A good-night circle closed the meeting.

Troop 8

Many interesting things happened at the meeting of January 14. At the beginning of the meeting the results of the cookie sale were announced.

Narberth P. T. A. Hears
Social Hygiene Worker

A large audience attended the regular monthly meeting of the Narberth Parent-Teacher Association at the Narberth public school on Monday evening. Dr. Margaret Wells Wood, a member of the field staff of the American Social Hygiene Association, was the speaker.

Her subject was the training of young people of this generation so that they may become useful citizens in the community in which they live and also good fathers and mothers. She stressed the point that the child should be trained early in life in sex matters and that parents should not delay this problem until the age of adolescence, for then it was often too late. The child also should be trained, the speaker said, for the economic and social life of the community.

The soloist of the evening was Owen Schmidt, baritone, with Miss Margaret Squier as his accompanist. The president, Mrs. Wesley Dunnington, presided.

Dixon Doughton received a compass as a prize for selling the second highest number of cookies. Lucile Baker was presented with the commission which made her official lieutenant for Troops 8 and 47.

A flag ceremony opened the meeting of Troop 8 on January 21. Betty Nash received a knife, first prize in the recent cookie sale, in which she sold about 140 boxes of cookies.

Then some of the girls who had been on the week-end trip of the Pioneer Club told of the interesting incidents which took place at Camp Indian Run during last week's snow storm.

Merger Reaches Climax—

This Friday afternoon in the Montgomery County Court at Norristown a momentous chapter in the history of Narberth will be written.

For the Narberth Taxpayers' Association seeking the annulment of the Borough Charter and its return to Lower Merion Township, it marks the culmination of four years of effort. If the Court acts favorably on the petition, merger advocates see the beginning of a new era of lower taxes and other community advantages, such as the inclusion of Narberth in the Lower Merion school system.

For the Narberth Home Rule Committee the Court hearing this Friday presents the opportunity to quash what its members believe to be an ill-founded attempt to destroy the Borough and its advantages of compact independent self-government.

Certain facts have emerged from the welter of rumors, propaganda, charges and counter-charges flying about in recent weeks.

The first and perhaps most important from a legal standpoint is that the requirements of the law regarding the procedure to bring the matter before the Court have not been complied with, according to the brief filed with the Court yesterday by the Home Rule Committee. The law states that a petition for the annulment of a borough charter shall be signed by two-thirds of the taxable inhabitants of the borough. Careful checking of the names on the Merger Petition by the Home Rule Committee has revealed a large number of fraudulent signatures. Many persons whose names were so signed have taken affidavits to that effect. These signatures, together with those of persons who have died or moved from the borough reduces the number to far below the required two-thirds.

Another point which is well established is that so far as the borough government is concerned, there would be practically no economy or tax saving through the merger. The statement made by the Lower Merion Township Commissioners, showing that it would cost them practically as much to administer the area as Narberth now pays is the case in point.

The Home Rule Committee has disclosed the inter-relationship between assessments and tax payments and shown, according to a high authority, that assessments in the borough are much lower than in the Township.

Even if the claims of the Merger group as to the total tax savings were granted, it is pointed out that this is not a real saving. It amounts merely to passing along some extra expense to the taxpayers of Lower Merion Township. A saving for one area and increased burdens for another.

It would be desirable, we feel, in order to settle the question once and for all, to have the case tried on its merits. But in view of the condition of the merger petition, it is believed that the Court may well be compelled to dismiss the petition on grounds of failure to meet the requirements of the law.

Tully Wins Crown

Jim Tully, former professional at the Merion Cricket Club, won the professional squash racquets championship of the United States last Sunday by defeating John Skillman, Yale coach, at the Penn A. C. Tully, who now teaches the game at Pittsburgh, won in four games. He played basketball at Lower Merion several years ago.

Made 1st Lieutenant

Robert Clark Welsh, Jr., 2905 Rising Sun road, Ardmore, has been commissioned a first lieutenant, United States Army reserves, and assigned to the engineering corps. He is an electrical engineer, employed by the Pennsylvania Railroad.

Lower Merion enters the last half of the season's schedule of basketball games tonight at Villanova College gymnasium, where Bill Anderson's boys meet Norristown in what is considered the most crucial game of the year. From the viewpoint of Norristown and Lower Merion fans it is a crucial game, for the Merionites are confident but not cocky, and Norristown followers feel that there is a definite reason for believing that a Blue and White victory is probable. Norristown has yet to lose a game, having taken the measure of most of the league's best teams. Lower Merion, on the other hand, has more decisively defeated many of the same teams, and has yet to drop a contest. This meeting then brings together two undefeated squads, leaders of Section A of the Suburban League, both sides confident of a victory, and both sides having reason to be.

It would be foolish to think that a Norristown win is impossible, for on the basis of past performance, they merit respect. However, I feel that if the Norristown players are made to play basketball instead of indulging in a quasi-football scrimmage, the result will be a definite Lower Merion victory. In the past few years, since the Maroon has dominated basketball in the suburban area, most of her opponents have given up the idea of sticking to basketball when they meet the Bulldog on the basketball court. Abington, Norristown, Radnor and Haverford have been most consistent in dropping court play and substituting the flying tackle of the football field, and the half-nelson, borrowed from the professional mat game. Upper Darby, Cheltenham, Chester and Lansdowne have consistently tried to win by playing good basketball. Upper Darby had her brief reward last season when Lew Goas' team won the championship. Pottstown, another school where good coaching prevails and the boys stick to their court ethics, won the championship in her section, while Lansdowne came through in her section.

It is a foregone conclusion that the Blue and White athletes will be aggressive tonight in this all-important game with Bill Anderson's feared opponents. They will be fast, following the ball all the time, and fighting like the proverbial wildcat for a victory.

Transferring both games to Villanova will be a decided advantage for the Main Line team, but a fair advantage. The Norristown hall is entirely too small for the purpose for which it was built, too small to hold even a third of the fans who want to see the game, and last but not least is entirely too favorable for the indulging in rough and ready play. The open court at Villanova will give everybody plenty of room, including the players and officials.

Mrs. C. S. Shinn to Conduct Parliamentary Law Classes

These classes will be conducted by the County Parliamentarian, Mrs. Charles S. Shinn, of Bala, a member of the Woman's Club of Bala-Cynwyd. She is meeting all the local chairmen appointed by the various clubs for Foundation Fund Week at the conference to be held on January 28 at 12 noon at the New Century Guild.

Playing in the toughest kind of luck, Villanova's traveling Wildcats dropped two basketball games last week by one point each to Dickinson, 32-31; to Bucknell, 35-34, the latter the fourth straight loss. They play Duquesne, which holds a victory over them, February 4 at Pittsburgh, meet St. John's, of Brooklyn, at home February 12. . . . The Villanova swimming team defeated West Chester away, 42-24.

Main Liners captured two squash titles over the week-end. Jim Tully, former Maroon soccer star, took the pro title at the Penn A. C., while Anne Page, Merion Cricket Club, retained her Pennsylvania State title by crushing Mrs. Ary Lammie, of Rye, N. Y., at the Philadelphia Country Club courts, Bala.

Penn Wynne's Main Line League champs romped away with a 47-20 basketball decision last week against Sellers Memorial, the M. L. Church League's topnotchers. Later Walter Fixter, manager of the eight-in-a-row interleague victors, said his team needed strengthening in a couple of places. Penn Wynne tackles the Chester Wolves as we go to press.

Haverford School swimmers dropped their first meet in fifteen starts to Lawrenceville, 39-36.

Valley Forge Academy five lost to Taylor School, 30-10, and earlier was defeated by Bordentown Military Institute, 37-15.

Charley Butera, of the Ardmore Recreation Club, lost his chance to be the boy wonder of bowling this year when he dropped two 6-to-1 matches, one to Bill Rose, Llanerch's champion defender; one to Fred Susick, Highland Park, last week-end in the Philadelphia championship match games. Butera, dropped from first to fourth place, has one more chance to improve his standing when he meets Jim Murgie, now in second place, at the Walnut alleys in the final games Saturday.

Haverford School grads kept even with Penn Charter Alumni five at four wins each by beating the Germantown Alumni, 32-28, while P. C. was trouncing the Episcopal Academy former stars, 51-23, in the Interac Alumni League.

Librarian's Annual Report Indicates Progress in Year

Continued from Page One
ing the past two years.
Special exhibits were held in the library almost continuously from January through the summer months. The most popular of these was made up of very old books, bearing imprints ranging from 1600-1800, brought in to the library by residents of the borough. Children's book illustrations, world peace and art work of children of the Narberth public school and of Miss Cowin's art classes also provided interesting subjects for exhibits.

Reference Room Finished

The completed reference and reading room was reopened to the public on Monday, May 6. There is an increasing use of the room on the part of adults. The school children of course continue to use it for reference and study.

The largest attendance the room has had at any one time occurred on the opening day of the Travel Club in June. Every chair was occupied, sometimes by two children at once. The window seats, too, held their quota. Altogether ninety-nine children, a record number, took part in the summer's club activities. The ninety-ninth to register was an Armenian girl, who, with her brother, is now one of the library's most regular borrowers.

Diplomas were awarded to forty-one of the ninety-nine for complete journeys around the world through books. Ten others received honorable mention for reading more than half the required number of books.

Story Hours Held

Story hour was conducted each week by Miss Lois Caldwell. Those who had attended regularly were given a party in May. The mothers and the ladies of the Board of Trustees were also invited to be present. Entertainment in the form of a puppet show of Hansel and Gretel was provided by a group of Narberth Girl Scouts under Miss Thaysen's supervision.

Favorable comments from visitors on the attractiveness of the library provoked the thought that it could be made even more so. Experiments with plants suitable for the library were carried out with the help of the trustees and interested borrowers. The first of these experiments were failures. With persistent effort, however, a few vines and plants have been induced to grow.

Children's Book Week was notable in that the library abandoned in part its traditional method of showing the new books. Instead of hiding the fireplace with screens and the table built high with books, the display was spread out to either side and kept low in front of the mantelpiece. In this way the Art Alliance picture was not robbed of any of its artistic effect.

Fine System Revised

The last important library activity of the year has been in regard to the fine system. Narberth borrowers are on the whole very responsible with library books and most of them pay whatever fines are imposed promptly and willingly. There has always been difficulty, however, over large fines approaching the maximum charge of the cost of the books. Frequently such borrowers have neglected to pay the fine and as a result forfeited their library privileges. As a remedy, a lower maximum of 75 cents for adult books and 50 cents for children's books was proposed by the librarian and approved as an experiment by the Board of Trustees, to go into effect January 1, 1936. The advantage of the lower maximum in libraries where it is being used has been that more of the larger fines have been paid therefore not so many borrowers lost because of the forfeiting of privileges.

Business Training Valuable

Miss Ingeborg Thaysen, library assistant since July 1, has continued in charge of the bulletin boards, which have produced many favorable comments for their interest and attractiveness. Miss Thaysen's business training is proving of value to the library and has enabled her to take over much of the typing and clerical work.

The librarian attended the annual meeting of the Pennsylvania Library Association in Wernersville early in October and has served throughout the year as chairman of the Philadelphia district library meetings.

In April the librarian spoke on the subject of children's reading before the Mother's Club of Cheltenham and has twice during the year given talks before the Book Club of the Junior Women's Community Club of Narberth.

It has been a busy and happy year for the library and its staff. The aim of the library as it nears the completion of fifteen years of active life in the borough of Narberth is to continue to give and to increase its ser-

"Thanks a Million" and "Little America" Are on Narberth's Current Bill

"Thanks a Million," a really funny comedy with music and dancing, is at the Narberth Theatre, with a cast that includes Dick Powell, Fred Allen, Patsy Kelly, Ann Dvorak, Paul Whitman and his band, with Romona—and Rubinoff and the Yacht Club Boys. A short subject on the week-end program is Walt Disney's Silly Symphony, "Music Land."

"Little America," Admiral Byrd's thrilling picture of his latest South Pole expedition, is the added attraction at the 1 P. M. matinee this Saturday.

"The Melody Lingers On" is coming Monday, Tuesday and Wednesday. The beautifully sympathetic story of a mother's love for her son has an exceptionally fine cast, headed by George Houston, who sings the Toreador Song from "Carmen," etc., and Josephine Hutchinson, whose expert acting is a delight to see.

"Splendor" will finish the week, beginning Thursday, when "Broadway Handicap" at 9 P. M. will be the additional feature. "Splendor" is an interesting social drama, a study of a family dominated by a crafty old dowager. When the eldest son marries a poor girl the boy's mother seeks to wreck their happiness for the gold she feels necessary to maintain their social status. The talented cast, well directed, includes Miriam Hopkins, Joel McCrea, Paul Cavanagh and Helen Westley.

"In Old Kentucky" at Egyptian; "Ah, Wilderness" Coming Monday

Will Rogers' final dramatic comedy, "In Old Kentucky," is at the Egyptian today and tomorrow. In this film the inimitable humorist does tap dancing—among other things—aided by the celebrated Bill Robinson. Good, wholesome entertainment.

"Ah, Wilderness," next Monday and Tuesday, brings Eugene O'Neill's father-and-son story of a New England village of 1906—"a comedy of recollections"—with superb characterizations by Wallace Beery, Lionel Barrymore, Eric Linden, Aline MacMahon and others.

"Mary Burns, Fugitive," comes Wednesday and also Thursday—which is the Egyptian's Bank Night. It's very exciting, with a cast headed by Sylvia Sydney and Melvyn Douglas.

"Whipsaw," next Friday and Saturday, is the story of a G-man's sweetheart, portrayed by Myrna Loy, who has a pleasing role similar to that in the "Thin Man." The G-man is Spencer Tracy, who turns in another of his deft characterizations.

Alumnae Plan Dance

The alumnae of the John W. Hallahan Catholic Girls' High School have issued invitations for the fifth annual supper-dance which will be held Saturday, February 1, at the Penn Athletic Club. She is being assisted by a number of the alumnae members, many of whom are residents of the Main Line.

With comment by Boake Carter, Narberth radio commentator, the story will be told of how six cars made a 100,000-mile road test equal to ten years of average motoring, or four times around the world, with less wear than the average for only 10,000 miles, as the result of using Atlantic gas, oil and grease.

The other films: Cavalcade of Sports, showing champions of 1935, with Ted Husing for commentator; and a tour of Alaska, showing the voyage from Seattle to Skagway, and the Yukon, picturesque glaciers, etc.

Scrapping \$1,000,000
Worth of Old Cars

Chevrolet's Traffic Safety Program Described by
C. H. Kirsch

SPEED USED CAR SALES

How the Chevrolet Motor Company is co-operating in the war for traffic safety by staging a \$1,000,000 old-car scrapping program was described yesterday by C. H. Kirsch, of the Kirsch Chevrolet Company, 214 Bala avenue, Cynwyd, upon his return from an all-day meeting at Penn Athletic Club conducted by Mr. Simmons, manager of the Philadelphia zone.

"Chevrolet's old-car disposal program," said Mr. Kirsch, "is by far the most aggressive thing of its kind undertaken to date. For a limited time, under the Chevrolet plan, dealers will be reimbursed at a fair figure for every dangerously old motor vehicle taken in trade and scrapped. Since the program is in effect throughout the whole country, a tremendous reduction in the number of such cars on the highways is certain to result."

"Besides providing for the scrapping of outworn automobiles, the Chevrolet plan has a co-operative feature whereby the factory and the dealer set up a fund for salesmen who do an outstanding job on used cars this month. The fact that so many good used models have been taken in trade on new 1936 Chevrolets has boomed dealers' used-car business, enabling Chevrolet to break all records for November and December, while new-car sales records were also hitting new high marks. The purpose behind the present plan is to maintain this fast movement of used cars, thus keeping the decks cleared for maximum new-car selling."

Heavy advertising outlay in 1936, with the emphasis as always on newspapers as the backbone of the entire program, is a major feature of Chevrolet's plans, Mr. Kirsch said. "During December," he explained, "the Chevrolet Motor Company made extensive use of newspaper space in selling used cars. The fact that the sales eclipsed anything heretofore accomplished in December has strengthened the conviction of the advertising department that the choice of medium was wise."

Among the points of interest brought out at the meeting in Philadelphia was the fact that Chevrolet is already making use of the new manufacturing facilities installed in 1935 at a cost of \$25,000,000. The output projection for this month is 110,000 units, and the condition of the market, over the country as a whole, forecasts equal or greater production for February, Mr. Kirsch said.

D. A. R. Chapter Hears of
Tamasee School in S. C.

Mrs. J. Logan Marshall, of Clemson, S. C., Vice-State Regent of South Carolina, and chairman of the Board of the Tamasee D. A. R. School, was the speaker at the meeting of the Dr. Benjamin Rush Chapter D. A. R., held at the home of the Regent, Mrs. John C. Nash, 80 Wynnedale road, Narberth, on Monday afternoon.

Mrs. Harper D. Sheppard, State Regent of Pennsylvania, who was to be the speaker that afternoon, was snowbound in Hanover, Pa.

Mrs. Marshall gave an interesting talk on the work of the D. A. R. in her State and also the work in the fourteen schools approved by the D. A. R. two of which, Tamasee and the Kate Duncan Smith School in Alabama, are entirely supported and managed by the D. A. R.

The soloist of the afternoon was Mrs. Cletus A. Sentf who sang several numbers. She was accompanied by Mrs. Wesley P. Dunnington. There was an unusually large attendance in spite of the weather. Assisting Mrs. Nash as hostesses were Mrs. Joseph H. Miller and Mrs. Tristan B. duMarais. A luncheon preceded the program.

The Chapter will give a Washington's birthday tea on Monday, February 17th, in the American Legion Room of the Community Building, at 2.30 P. M. It is open to the public.

The speaker will be Major Henry M. Prentiss, headmaster of the Valley Forge Military Academy. All those interested are cordially invited to attend.

1935 was a much healthier year in Lower Merion Township than 1934, judging from the number of contagious diseases reported.

Health Officer, Marvin E. Reynolds, in his annual report, stated that there were 891 cases last year, while in 1934 there were 1,877 cases.
